Ray,

How are you. Have not spoken for a while. I am working with Stevens and Soldswich to transfer the Chudy #2 disposal well in Casco Township, St. Clair County , Michigan. I have been in contact with the MDEQ in that regard.

Please advise on what we need to do besides transfer of permit and bond.

I was going through my records and cannot find my quarterly monitoring reports for the Burns Grohowski 1-33, 2-33 and 4-33 for second quarter of 2017 and third and fourth quarter of 2016.

I would really appreciate it if you could please email copies.

Thanks you,

Charlie Lawrence CEO
